# ALLOCATING NURSERY PLACES

1

## How Les Petits Chaperons Rouges assesses applications

We receive your pre-registration, analyze it and inform INTUIT for validation.

2

## INTUIT AGREEMENT

We ask INTUIT for confirmation before continuing the process

3

## Notifying employee-parents

Once of your file accepted by INTUIT, the Families service will contact you to qualify your request and proceed to search for availability within our network of nurseries

## REMEMBER!

Les Petits Chaperons Rouges offers three attendance options: regular, occasional or emergency care.

**Even if you have a other childcare, you can request emergency childcare in one of our network nurseries if required. This service is open to all employees!**

# YOUR PLACE IN THE NURSERY

The Grandir Family Solutions Team will contact you shortly after your company confirms your place in the nursery

## The Grandir Family Solutions Team will send you:

- Instructions on how to confirm your attendance at the nursery

## Along with the following documents:

### The confirmation form

This document lays out the rules on nursery access and retaining your place as a company employee. The form should be duly completed and signed, then sent back within ten (10) working days.

### The internal guidelines\*

The guidelines explain how the nursery works and detail the rules to follow when using our services. You will be asked to sign the document at the nursery, during your admission appointment.

### The contract

This document sets out your child's attendance schedule at the nursery and accordingly informs you of the amount to be invoiced to you monthly

## REMEMBER!

The internal guidelines and the contract will be signed at the nursery during your settling-in period.

# JOINING THE NURSERY

*Our nurseries comply with the applicable standards on hygiene, safety and access for people with disabilities. In addition, each nursery has received approval from the French state child welfare service (PMI), which carries out regular inspections.*

*The design and layout of our facilities encourage your child's early learning and development, with special water games areas, sensory rooms, breast-feeding rooms, dormitories, and more.*

At Les Petits Chaperons Rouges, we strongly believe in parents as partners – that a child's development is largely improved when parents and the nursery work closely together. For us, trustful relationships are built through care and effective communication

**Good communication is developed during specific key moments:**

- During the settling-in period
- When sharing information at the start and end of the day
- During individual appointments
- At group meetings
- At festive events at the nursery

**Pursuant to the French decree of 26<sup>th</sup> December 2000 on childcare services, your child will be accompanied all day long by a team of state-qualified professionals:**

- Childcare professionals (early learning teachers, childcare assistants)
- Healthcare professionals (nursery doctors, psychologists, psychomotor therapists, nurses)
- Service staff (cleaning and maintenance)

## REMEMBER!

Our professionals never rush the learning process, instead letting children take their time and evolve at their own pace.

There is no official curriculum to be followed, no inappropriate or unnecessary pressure or over-stimulation as far as the child's development is concerned.

# SETTLING-IN PERIOD

The partnership forged between the nursery staff and the child's parents is crucial to our learning process.

## 1 - ADMISSION APPOINTMENT

To ease the process, at the beginning of each term, we invite children and families to a **settling-in period**. This typically lasts a week and takes into account your child's emotional state and the nursery's organisation.

**This time is beneficial to all:** nursery staff, parents and the child, as they get to know one another, get accustomed to a new environment, new people, and a new organisation.

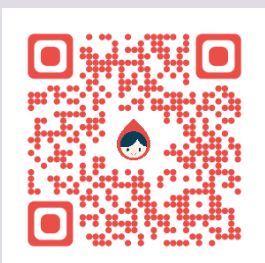

## 2- THE SETTLING-IN PERIOD

Before joining the nursery, each family meets the director to discuss the nursery's organisation, internal guidelines and curriculum. Families are subsequently given a **tour of the premises, meet the staff** and receive a **'family welcome pack'**.

Over the initial phase of settling, you will spend a few hours in the nursery, accompanied by a member of the nursery staff, to observe how your child reacts and adapts. You will then leave your child with that same staff member for a longer period each time, until you gradually leave them for a full day at the end of the week.

### REMEMBER!

The *Chaperons et Vous* mobile app offers you a peek into our nursery life:

news, photo albums, documents and direct contact with nursery staff and your child.

# CHILDCARE FEES

Nursery tuition fees are the same as in any municipal nursery.

To calculate your fees, you will need the following information:

Your household's gross monthly income

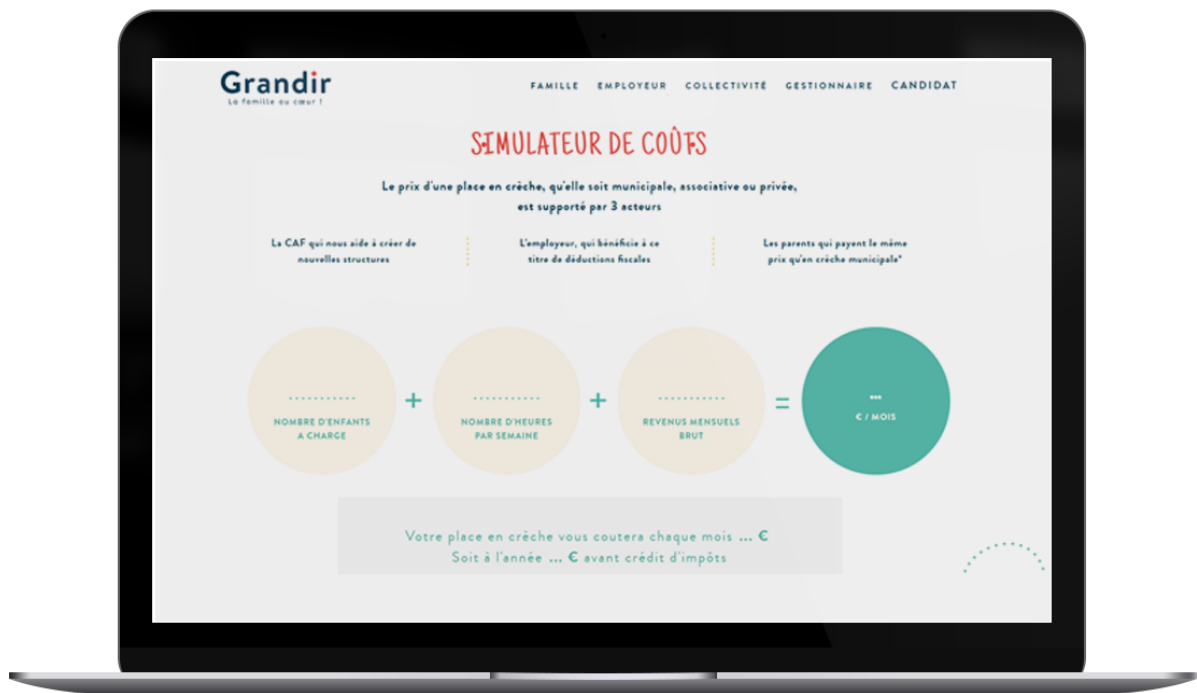

The number of dependent children

The number of hours of attendance per day

Use our online calculator to find out the cost of your nursery place:
